### Features

**Quick and easy control:** Quickly and easily control WIZ fixtures. Just press a button to turn the light on/off, adjust brightness, select 4 favorite modes and switch to night light mode. It works with all WIZ-connected products.

**Control the entire room:** Connected to a single room, you can trigger all the lamps in that room. If you want it to control the lamps in another room, just move it and adjust it in the WIZ app on your phone.

**wide range:** In a typical indoor environment with partitions and walls, the control range is up to 15 meters.

**Operates without Wi-Fi:** Can communicate directly with WIZ fixtures. It operates normally even if your Wi-Fi connection is lost.

### Distribution network:

- Step 1: Turn on the Bluetooth on the Phone, open the "WIZ V2" APP to tap on the "+".
- Step 2: Searching for devices and Bluetooth pairing ,Select WIZ remote, select room
- Step 3: Press the ON button on the remote control 3 times to complete pairing
